I hope that you have been enjoying a wonderful summer. It's during this time of year that always seems to fly by the quickest! With warm weather, many of us try to do as much as possible before we get "locked in" during those gray and cold months.

When weighing all of those warm weather options, make sure that you take advantage of all that your club has to offer. During the summer, the club continues to provide a wide ranging list of programming. Athletics fine tunes the Group Fitness class schedule to make sure that there is a number of ways to get to the gym and keep that hard sought bathing suit body ready to go! Carmichael's continues to have monthly Tap Takeovers and Birthday Nights are celebrated in the Grill Room on the third Wednesday of each month (see page 7). Finally, there is summer hoops, summer bowling, Summer Whites, Chip and Sip and so on. Suffice to say, our club doesn't come close to slowing down when it's warm outside. Take advantage of all that your club has to offer!

Aside from that, the club continues to maintain its solid financial footing. And while we are always looking to add quality members to the roster, our current membership levels remain as good as they have been in some time.

Over the past few weeks I met with a large number of past presidents. My goal was to apprise these past leaders of where the club is and where it is headed. They all shared a common trait: thier love and support of our club. These meetings afforded great insight on how significant decisions were made in the past. We will remain true to the idea that the club will provide a world class member experience, while making sound financial decisions to support our future. The past leadership set a high bar. Due to their dedicated leadership, this club is the standard by which others are compared. Thanks to all that afforded me their time to meet.

So....when it's warm outside, come on inside at your club and have a hot time! Remember our club doesn't cost, it pays!!

See you around the club!

General Manager

As Tim explains in his neighboring letter, it's always a great idea to stay abreast of your options to get the most from the season and your club. Here are several ways members are seizing their options, even into the heart of hot-weather season.

By now, it's a universal fitness truth that training in groups or with a trainer ramps up accountability and is the best way to stay on target with your fitness goals. There are always outlets for accountability at The ACC. This summer, 35 members have found a great option with the Summer Slimdown Challenge! This is a 12 week challenge to lose 5% of your bodyweight through cardio and resistance training. The added incentive? If you achieve the 5% goal, you get your \$40 entrance fee refunded! How's that for more motivation?! Every week Kendra Pugh creates a short-term challenge. Nail the challenge, and you get entered into a drawing for fun prizes.

Hang out with the family and friends in the cool shade of The Booth this summer. Booth Manager Sara Newcomer has you covered on this option. She created The Booth Summer Pass program. 30 families have taken advantage of the Booth bowling lounge summer pass program. For an excellent price of \$100, you can have unlimited summer bowling with up to 6 guests per visit. Sara even included the shoes, because she usually thinks of everything. There is still plenty of time to take advantage of this option this summer. Call the front desk for details. The summer pass concludes September 1st.

You have a terrific range of options while dining at The ACC, too! Light salads with nutritious ingredients, daily fresh fish specials along with the remarkable salmon from Skuna Bay and the Walleye in a smoky pork broth, or the bold flavors of our beef. In fact, the monthly feature for July is Ohio Beef! Chefs Wolfe, Westlake,

and Hinkle will find unique ways to serve local, fresh, unadulterated beef from the great state of Ohio. Stay tuned to your Monday club emails to find out more on this one-of-a-kind offering.

It's always a fulfilling experience to discover something new, a simple pleasure to tuck away and enjoy. If wine is your passion or curiosity, you must come to the Summer Whites Wine tasting on July 14<sup>th</sup>. As we do every year, the club Sommelier team will select a range of white wines that are made to sing in the summertime. This year's line up is shaping up to include gems from Napa Valley, Loire Valley, Burgundy, and Alsace, just to name a few. Every year we like to tip our hat to a little extravagance and include a wine to which everyone looks forward. This year, thanks to Dining Service Manager Brandon Boucher, the featured taste will be the non vintage Veuve Clicquot Rose.

## Celebrate Membership!

Tenure Recognition Event - July 21

Over the past few months, the Membership Committee has been discussing ways to recognize members with long-standing membership at the club. The one tenure recognition event at the club currently is the Privileged Members Dinner, held every other year in May. This dinner gives our members with over 20 years of membership (and designated as members of the Privileged category) a night to reconnect with friends, enjoy a delicious dinner over constant conversation, and share stories with one another of their times at the club.

The Membership Committee has decided to recognize members of different tenures in a similar way. All members with five years or more of membership are invited to the first Tenure Recognition event at the ACC on Thursday, July 21 from 6 - 8 PM. At this cocktail reception, we will recognize YOU for your years of dedication to the club. Exciting information about tenure recognition events for the next year will be announced at the reception. Please RSVP to the Front Desk: 614.221.3344, or sign up online at [www.accolumbus.com](http://www.accolumbus.com).
